October 18, 2018

EAST LANSING, Mich.—Mark your calendars, and bring your questions, clues, and curiosity to the **7<sup>th</sup> Annual MSU Science Festival**, scheduled **April 5-20, 2019**.

***“Unraveling the Mysteries”*** will give everyone the opportunity to explore and learn—whether you are a junior scientist or a lifelong learner. The line-up will include topics on science, technology, engineering, arts, and mathematics (STEAM), with talks, demonstrations, tours, open houses, hands-on activities, and special presentations by renowned scientists.

Some of the 2019 program highlights include:

- **Keynote Speaker**, April 5
- **East Lansing Expo Day**, April 6
- **Statewide Astronomy Night**, April 12
- **Take a Tour Day**, April 13
- **Detroit Expo Day**, April 14
- **Nights at the Museums**, April 5-20
- **Science Café/Pub Nights**, April 5-20

More will be announced, including the detailed schedule of events, in the upcoming months.

Additional information can be found online at [sciencefestival.msu.edu](http://sciencefestival.msu.edu), or [Facebook](#).

### **MSU Science Festival Fun Facts:**
