

Flint Research Network Meeting

The purpose of the meeting is to connect faculty currently engaged in research in Flint. All disciplines from bioengineering to journalism are encouraged to attend.

The Healthy Flint Research Coordinating Center can help extend the impact of your research. Services include access to Flint based data repository and access to a community led ethics review board (CERB) that can help the sustainability of your program. Learn more at www.hfrcc.org.

MEETING GOALS

- **To share information on Flint Research Projects**
- **Introduction to the Healthy Flint Research Coordinating Center (HFRCC)**
 - Learn how the HFRCC can extend the impact of your research
 - Review services provided by the HFRCC
 - Explore Open Data Flint, a data repository with data from Flint based research projects
 - Understand how the CERB (Community led Ethics Review Board) can provide assistance in getting community feedback of your project
- **Meet with fellow researchers to identify opportunities for collaboration**

Friday, November 4th 1:00 PM to 4:00 PM
