

The MSU Museum, the University's science and culture museum, offers unique opportunities to engage the public through your NSF-funded project.

museum.msu.edu

LET'S TALK ABOUT POSSIBILITIES!

University Engagement

- Engagement program for MSU students using Museum resources (on site or off site)
- Teaching or classroom resource for MSU students and faculty

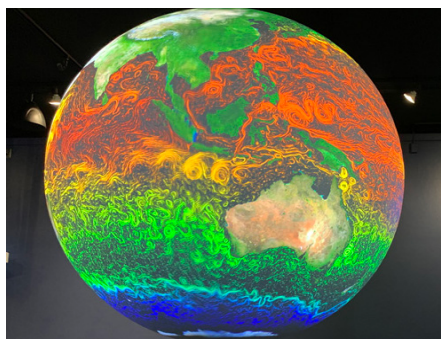

K-12 School Engagement

- Teaching or classroom resource for K-12 students
- Student workshops using Museum resources
- Series of professional development workshops for teachers

General Public Engagement

- Teaching or classroom resource for community groups
- Crowd-sourced data collection program with community education component coordinated with the Museum
- Video game or app to teach about research concepts using Museum resources
- Museum exhibition
- Traveling exhibition
- Portable, hands-on activity modules to teach research concepts, used in the Museum, on campus, or local communities
- Research-based museum theater, performance, or workshops

PLUS: Opportunities to use Science On a Sphere!
