GIFTED AND TALENTED EDUCATION

MSU Gifted and Talented Education (GATE) has provided academic opportunities to Michigan students for over 30 years.

We offer educational experiences that benefit academically able students intellectually, cultivate social relationships, and encourage a global understanding of the world.

Academic Year Programs
Our academic year programs are accelerated courses for middle and high school students in math, literature, and language.

Summer Programs
GATE summer programs offer both residential and commuter options for students seeking academic challenges.

Program Applications
All GATE applicants must submit an accepted test score report. Additionally, upper-level programs require a recent grade report with strong grades/GPA, and a teacher recommendation form. Please visit the GATE website for acceptable tests for each program and minimum score requirements. A full IQ report is also acceptable in place of the listed tests. Please visit the GATE website for all application requirements.
ACADEMIC YEAR PROGRAMS
Academic year programs are designed so that participating students will complete in two years the content assigned in Michigan High School Content Expectations (HSCE) for all four years of high school, as well as meet the Common Core National Standards.

CHAMP
