ITEC prepares Lansing-area children and adults to participate in a global knowledge economy by increasing their technology skills. We are a nonprofit, collaborative partnership of community, education, business, and government.

While the demand for information technology professionals grows, student interest in science, technology, engineering, and math (STEM) has declined. ITEC improves student performance in these subjects as well as in robotics, reading, writing, and digital media.

**ITEC’s Partners**
- Allen Neighborhood Center
- Spartan Internet Consulting Corporation
- Dewpoint, Inc.
- Tech Smith Corporation
- Prima Civitas Foundation
- City of Lansing
- Lansing School District
- Lansing Economic Area Partnership
- Capital Area IT Council
- Michigan State University
- Lansing Community College

**Get Involved**
- Strengthen our efforts by supporting ITEC financially.
- Volunteer. We’re looking for dedicated people who are inspired to make a difference in our community.
- Join us on Facebook or Twitter. This is an important way to demonstrate that you believe in what we’re doing.
- Spread the word. Tell others about us.
