

MICHIGAN STATE UNIVERSITY
**SCIENCE
FESTIVAL**

MSU MEDIA ADVISORY

April 3, 2019 – Immediate Release

EVENT: MSU Science Festival, opening weekend

Friday, April 5, 2019 / 7 PM

“Unraveling the Mysteries of the Flint Water Crisis”

featuring pediatrician Dr. Mona Hanna-Attisha

Kellogg Hotel and Conference Center, Big Ten Room A, East Lansing

Saturday, April 6, 2019 / 10 AM-4 PM

MSU Expo Zone* AND Early Childhood Zone** – Multiple Hands-On Activities!

On the Campus of Michigan State University, East Lansing

*LSJ Expo Zone is located in the Chemistry and Biomedical & Physical Sciences Buildings, 578 S. Shaw Lane, the FRIB Annex, and Abrams Planetarium, 755 Science Road—see program for details

**Delta Dental Early Childhood Zone is located in the Atrium of the Molecular Plant Sciences Building, 1066 Bogue Street

Want a reason to visit? Smash nuclei to make isotopes like the National Superconducting Cyclotron Laboratory...measure motor skill to see if you might be the next Olympic athlete...catch high energy gamma-rays...experience the Community Music School instrument petting zoo...learn the buzz about bees...or, take a virtual shopping experience to learn 3D design! Much, much, MUCH MORE!

NOTEWORTHY:

The Science Festival features more than 250 different offerings during 16 days, April 5-20

All events are FREE and open to the public.

There is something for everyone: children, adults, and seniors.
